

CROW HOOK

CONTEMPORARY COLLECTION

Design Sara Helder & Gert Wingårdh 2019

Wall hook in sand casted aluminum.

CROW is clever little hook, designed to carry heavy load with only one visible screw.

The unique design allows the hook to be used both for hangers or hats at the top, carrying coats or bags on the lower part.

CROW is a part of a family of mirrors.

Swedish handcraft made to customer order in 8 weeks.
