

VIDE WALL HANGER

CONTEMPORARY COLLECTION

Design Javier Masa 2024, NMASA Design

VIDE is a light and strong wall hanger designed by Javier Masa.

With its well balanced design VIDE gets almost a sculptural expression.

Thanks to the unique fabrication method of solid steam bent beech VIDE is designed to carry heavy load.

VIDE Single hook has an elegant slot through the side for hangers.

The product family VIDE includes several floor standing and wall mounted hangers and are offered in many different color versions.
